

Senior Performance Coach – Student Athlete

Athlete Training and Health Company Overview

Our mission is to provide a world-class training environment for athletes and adults of all fitness levels utilizing learnings from our scientific research in human performance. Our forward-thinking approach to collaboration with hospital systems, professional sports teams, universities and independent school districts is setting new standards for health and performance training. We invest heavily in the post-graduate education of our coaches, who in turn develop evidence-led training programs that are guaranteed to deliver sustainable results. Our state-of-the-art facilities feature best-in-class turf fields, pro-style weight rooms and cutting-edge technology to exceed the needs of our athletes, communities and healthcare partners.

Position Summary

The Senior Performance Coach (SPC) is responsible for programming, coaching and monitoring the development of the Student Athlete Training Program within location. The SPC should instill enthusiasm and a passion for learning the ATH training Philosophy related to the Student Athlete Training Program among all coaches. The SPC is responsible for coordinating the internship alongside other SPC's to ensure productivity development and creativity during non-coaching hours. The SPC is responsible for conveying key metrics to the APD and athletes related to individual progress related to the training program. The SPC is a key link ensuring synergy and perspective between senior coaches and performance coaches.

Primary Responsibilities:

Coaching

- Responsible for coordinating and coaching the Student Athlete training program. Assisting the APD when needed in other training programs. Providing 1 : 1 coaching opportunities for Athletes.
